Energy healing/therapy is a natural method of energy balancing, but is not meant as a substitute for medical, or psychological, diagnosis and or treatment. We strongly recommended you see a licensed physician, General Practitioner or other licensed health care professional for any physical or psychological ailment whether it be acute or chronic that you may be suffering from or suspect that you may have. Energy practitioners do not diagnose conditions, nor do we perform medical treatment, prescribe substances, or interfere with the treatment of a licensed medical professional. Energy therapy or any other natural healing therapy does not compete with medical doctors and their treatments. All therapies are meant to complement certified official medical treatments.
